## Reading Matter on Every Page.

The Journal on City Affairs. In yesterday morning's Journal there is a pitiful attempt to throw sand in the eyes of the voters of Louisville, and keep them in ignorance of the true state of our city affairs, and of the ruinous extravagance and profligacy of our Know Nothing city officials. We have shown beyond the possibility of a refutation that since the city has been under the control of Know Nothingism, the taxes have nearly doubled, and that our citizens are now taxed higher than those of any other city in the United States, not even excepting the city of New York. Our exposure of the reckless manner in which our city is governed, has set the Know Nothing harpies who misgovern it, to trembling in their boots. Their organ, the Journal, has resorted to its usual course when trying to mislead its readers, viz: charging the Courier with misrepresentation, and putting up a poor mouth about the reputation of our city abroad. In its issue of yesterday, it says:

For the honor of Louisville and its good name we deeply regret the unfounded contemptuous remarks made by those who article upon us, and assure all abroad, still its misrepresentations cannot be explained, still it is a perfect waste of time to refute them here where their aim and object are known.

If the articles which we have published were capable of refutation, the Journal could dispense them in half the time and space it used in begging the question. But we have published nothing but facts, and no one knows this better than the editor of the Journal. Our figures were taken from the reports of Know Nothing officials, and we have not published a single statement that is the creation of the Louisville & Frankfort Company will take the completed work, supply its rolling stock, and *then* in connection with their own road, the bonds of this city for \$50,000 may be issued, who have added during the past week to their stock richest Silks of every variety, plain and otherwise, Laces, Mantles, Points, Embroideries, Gloves, (Alexander's), India and Foulard Silks, Berries, and Organza Robes. Printed and Plain Berries, Grenadiers, Traveling Goods, Ginghams, Domestic, White Goods, Linens of all kinds, Trunks and Illusions, Embroidered Skirts, Hoisery, 10-4 and 8-4 Black and White Berries, Mourning Goods, in short, everything that a complete stock may require. One thing can be relied upon, that Martin & Peaton's goods will be found as represented, and as *low* as *figures* in the same quality can be found elsewhere. 95 Fourth street.

Practical Advice to Ladies.—The first symptom of disease should never be disregarded. If not removed, serious evils will inevitably follow, and the cure will be more difficult. It is best to act violently or reduce the strength should be avoided. They, instead of assisting nature, weakened and debilitate those organs. For Female Complaints, Dr. John's STRENGTHENING COMPOUND and Balsom Patches stand pre-eminent in all diseases peculiar to females. They is a delicious aromatic Cordial.

LET us have the Shelby road completed by all means. It is certainly offered on easy terms—on such terms indeed, it will be suicidal in Louisville to reject. Every man who has recently been much out of doors, must have seen and felt that a new epoch is now opening upon our city. Let us do nothing to impede, but everything to promote, to that amount to the Shelby Company, which bonds may be converted into cash without going beyond the limits of the two counties.

We can see no well-grounded objection to this proposition. If, as we have no doubt is the case, the amount of aid now asked of the city will insure the completion of the road, and if, as we are informed is the case, the Louisville & Frankfort Company will take the completed work, supply its rolling stock, and *then* in connection with their own road, the bonds of this city for \$50,000 may be issued, who have added during the past week to their stock richest Silks of every variety, plain and otherwise, Laces, Mantles, Points, Embroideries, Gloves, (Alexander's), India and Foulard Silks, Berries, and Organza Robes. We can see no well-grounded objection to this proposition. If, as we have no doubt is the case, the amount of aid now asked of the city will insure the completion of the road, and if, as we are informed is the case, the Louisville & Frankfort Company will take the completed work, supply its rolling stock, and *then* in connection with their own road, the bonds of this city for \$50,000 may be issued, who have added during the past week to their stock richest Silks of every variety, plain and otherwise, Laces, Mantles, Points, Embroideries, Gloves, (Alexander's), India and Foulard Silks, Berries, and Organza Robes. Printed and Plain Berries, Grenadiers, Traveling Goods, Ginghams, Domestic, White Goods, Linens of all kinds, Trunks and Illusions, Embroidered Skirts, Hoisery, 10-4 and 8-4 Black and White Berries, Mourning Goods, in short, everything that a complete stock may require. One thing can be relied upon, that Martin & Peaton's goods will be found as represented, and as *low* as *figures* in the same quality can be found elsewhere. 95 Fourth street.

Practical Advice to Ladies.—The first symptom of disease should never be disregarded. If not removed, serious evils will inevitably follow, and the cure will be more difficult. It is best to act violently or reduce the strength should be avoided. They, instead of assisting nature, weakened and debilitate those organs. For Female Complaints, Dr. John's STRENGTHENING COMPOUND and Balsom Patches stand pre-eminent in all diseases peculiar to females. They is a delicious aromatic Cordial.

LET us have the Shelby road completed by all means. It is certainly offered on easy terms—on such terms indeed, it will be suicidal in Louisville to reject. Every man who has recently been much out of doors, must have seen and felt that a new epoch is now opening upon our city. Let us do nothing to impede, but everything to promote, to that amount to the Shelby Company, which bonds may be converted into cash without going beyond the limits of the two counties.

The river was falling fast yesterday, with a little over 14 feet water in the canal by the time the sun was up. The water was down 11 feet yesterday morning, and will be down 10 feet this morning. During the previous 24 hours the river had receded 20 inches at the head of the falls. The weather continues mild and cloudy, with a light shower of rain in the afternoon.

At Cincinnati Saturday the river has fallen 4 feet, and our dispatch from Pittsburgh reports the river falling at that point, with 9 feet to follow in the channel.

The river at St. Louis reports the river falling at that point, and the Illinois also falling. The Missouri was rising fast.

The officers of the Dove report a slight rise in the Kentucky, which was at a good navigable stage.

MAX DRAVEN.—Yesterday morning at 8 o'clock, a deck hand fell overboard from the W. H. Langley while she was lying at the city wharf. His life preserver was washed by the mistle of the Dove, who started the yawl after him, but was too late to reach him.

The Emma Dean is the packet for Madison and Carrollton to-day at 1 o'clock, in charge of Capt. E. T. Crider.

The J. H. Done arrived here yesterday, from St. Louis, with his guards dragging the water.

From Capt. McGill, of the Pacific, we learn that the flood in the Lower Mississippi is even greater than the disastrous overflow of last year, and no immediate hope of any abatement, as the dreaded Arkansas river was reported rising again.

On Thursday evening, when the Pacific was at the mouth of White river, it was reported by the men on board that the river, at that point, was fully an inch higher than at any period last spring. The river was then slowly swelling, and the officers of the Pacific report it rising all the way from New Orleans to Cairo; and also that the water was out of all bounds, with nothing but water and the tops of trees to be seen as far as the eye could reach. The crevasses and breaks in the levees, and the destruction bids fair to be unparalleled in the history of the West.

At Grand Lake, the water was over the top of the bank, but, only a few feet above it, it was last year, and had been against the house.

The New Orleans boats, owing to the overflow, are unable to take away freights along the Mississippi, unless to points where wharf boats are located, or to various towns along the route. Platations are now cut off.

Dispatches from Vicksburg, dated Saturday, the 26th, state that the river had overflowed the banks beyond that point, the levees along the railroads being washed away, so that the water was washed away for a considerable distance. The particulars of the disaster were not given, but merely the fact that communication with Vicksburg by boat was cut off.

The W. H. Langley, a splendid clipper in the New Orleans trade, came up the falls yesterday morning, and landed at the upper wharf ready for freight for New Orleans. As we stated yesterday, she is now the lightest and neatest boat in the river, and can carry a full load.

The Dove, from Kentucky river yesterday, had 123 bushels of tobacco.

The E. H. Fairchild, hence for New Orleans, was at Memphis yesterday.

The New Uncle Sam, late of the mob line, at Cairo, was going light. Wash. Stewart was running for it.

The clipper ship Captain F. Kenner, hence for New Orleans, was at Cincinnati Wednesday evening. She left this port the previous Saturday, and was less than four days out to Vicksburg. That's good run.

The Clipper, Capt. Duncan, the attentive and considerate son, from Henderson, were indeed for a magnificent cruise.

PACIFIC FOR NEW ORLEANS.—This unequalled favorite of the traveling public, in charge of the gallant Capt. McGill, takes her departure to New Orleans this evening. She starts at 6 o'clock from Cincinnati, and, passing through intermediate stations, setting an example to all who travel with them. The clerk, Will Halliday, is well known for his devoted attention to the duties of his office and the welfare of his passengers.

The Pacific, on her next trip, leaves New Orleans on Thursday, the 7th of April. Her future days of departure from this port, during the season, are published in another column.

The clipper ship Captain F. Kenner, hence for New Orleans, was at Cincinnati Wednesday evening. She left this port the previous Saturday, and was less than four days out to Vicksburg. That's good run.

The Clipper, Capt. Duncan, the attentive and considerate son, from Henderson, were indeed for a magnificent cruise.

POSSIBLY.—The officers of the Pacific report meeting the New Uncle Sam, late of the mob line, at Cairo, was going light. Wash. Stewart was running for it.
